

## Newborn Screening Bulletin 2021-2

March 31, 2021

### Shipping samples over the long weekend

With a long weekend ahead, we would like to remind you of the importance of prompt shipping of newborn screening samples. **Purolator is closed on Friday, April 2, and it is incredibly important that all samples that are ready to ship are sent on Thursday and Saturday.**

### Thursday Shipping Tip:

To ensure samples shipped on Thursday are delivered to NSO as quickly as possible, please either affix a “Saturday Delivery” sticker or write “SATURDAY DELIVERY—URGENT” on the envelope. This is especially important since the option to select Saturday Delivery in Track-Kit is only available on Fridays. There will also be a notification in Track-Kit to remind you to do this.

**Thank you for your ongoing dedication to newborn screening.**

**We wish you plenty of sunshine this Spring!**
