

Newborn Screening Bulletin 2021-7

October 22, 2021

“OLIS October”—Promoting the Use of OLIS to Access Newborn Screening Results

Thank you to those who answered our survey! **52% of respondents indicated they did not know that newborn screening results could be accessed through the Ontario Laboratories Information System.** Here are some helpful instructions to help get you set up!

Accessing OLIS

There are several ways to access the Ontario Laboratories Information System (OLIS), including through: (1) a Provincial Clinical Viewer, such as Connecting Ontario or Clinical Connect, (2) an Electronic Medical Record, or (3) the eHealth Portal. If your organization does not currently have access to any of these, we suggest you consult the diagram below and request access to the Provincial Clinical Viewer in your region, as follows:

West Region (HCCSS/LHINs 1-4) - [submit application to Clinical Connect](#)

Central, Toronto, East and North Regions (HCCSS/LHINs 5-14) - [submit application to Connecting Ontario](#)

What Are The Provincial Clinical Viewers?
Secure web-based portals that can give health care providers real-time access to clinical data within the provincial repositories including newborn screening results.

How Do I Sign Up

West region
(HCCSS/LHINs 1-4)
Submit an application at:
<https://info.clinicalconnect.ca/CC/healthcare/becoming-a-participant>
Contact the ClinicalConnect Program Office:
info@clinicalconnect.ca

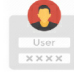

ConnectingOntario
ClinicalViewer

Central, Toronto, East & North regions
(HCCSS/LHINs 5-14)
Submit an application at:
<https://ehealthontario.on.ca/en/health-care-professionals/connectingontario>
Contact the ConnectingOntario Program Office:
OH-DS_ConnectingOntario@OntarioHealth.ca

What Are The Access Requirements?

- 1  **Request Access**
15 – 30 minutes
- 2  **Complete Agreements**
60 - 120 minutes
- 3  **Set Up ONE ID**
55 minutes
- 4  **Complete Privacy & Security**
60 – 130 minutes
- 5  **Complete Training**
70 minutes
